- **How do I access my TexBook?** Your course material is in your Blackboard course from the first day of class. Access to your course material is provided either by VitalSource or other links inside your Blackboard course. - **Help with TexBook issues and support:** check with your professor and/or contact <https://support.vitalsource.com/hc/en-us/requests/new>
- **Opting out of TexBook:** Participating in TexBook is not mandatory, and you can choose to opt-out. However; by opting-out you will lose access to the course [textbook/digital content] and competitive pricing, and you will need to purchase the required course material on your own. If you drop the class or opt-out before the opt-out deadline, the TexBook charge will be automatically refunded to your SPC account. The opt-out deadline for Fall and Spring is the twelfth class day. The opt-out deadline for shorter terms varies between the second and third class day.

IMPORTANT NOTE ABOUT OBTAINING YOUR MATERIALS: IF YOU OBTAIN COURSE MATERIALS FROM A SOURCE OTHER THAN THE SPC BOOKSTORES, WE WILL NOT BE ABLE TO ASSIST YOU IF THE MATERIALS ARE NOT APPROPRIATE FOR THE COURSE. Courses in technology-related fields commonly require access codes for technology-based learning and assessment systems such MyLabIT. ISBNs for textbooks about and that include technology are regularly updated for relevance by the book publisher; ISBNs you find at non-instructor approved sources may not be the ISBN required by your instructor. Thus, we can only guarantee that new materials obtained according to the information in this document—and obtained just prior to the beginning of the term—will work for the course.

Course Structure

This course is an online course, which means that you will access course information and respond to me through the use of the Internet. Blackboard and Pearson's **MyLabIT** are used to deliver and manage this course. Please take a moment to read over the information at the Blackboard site before you get started. If the online environment is new to you or if you have problems of any nature, please do not let yourself become overwhelmed or spend hours of your time trying to figure out how to access something. You have many sources available to you for help. You can contact me by e-mail, telephone, or come by my office.

Attendance Policy

The grade of "F" will be assigned to a student as an earned grade in regard to the learning objectives of a course. A student who does not meet the attendance requirements of a class as stated in the course syllabus, and does not officially withdraw from that course by the official census date of the semester, may be administratively withdrawn from that course and receive a grade of "X" as determined by the instructor. An "F" will not be assigned to any student administratively withdrawn from this course for non-attendance. It is the student's responsibility to be aware of that policy.

An "F" may be assigned to a student in the case of academic dishonesty and/or plagiarism at the discretion of the instructor, as clearly defined in the course syllabus, due to the severity of the student's actions and disregard for the learning objectives of the course.

Should a student, for any reason, delay in reporting to a class after official enrollment, absences will be attributed to the student from the first-class meeting.

Students who enroll in a course but have never attended by the official census date, as reported by the faculty member, will be administratively dropped by the Office of Admissions and Records.

It is the student's responsibility to verify administrative drops for excessive absences. If it is determined that a student is awarded financial aid for a class or classes in which the student never attended or participated, the financial aid award will be adjusted in accordance with the classes in which the student did attend/participate, and the student will owe any balance resulting from the adjustment.

Even though this is an online class, students still have to access the course on a regular basis. The Blackboard software used to manage this online course tracks student logins, tracking when and where the student has been in the course. Accessing this course on a regular basis is extremely important in order to meet the objectives of this course. You will feel more at ease with the materials if you stay in touch with what is going on. **You will need to check your SPC e-mail at <https://office.com>.**

Minimum log in for the course is at least three (3) days per week. However, I recommend checking in once a day if possible for announcements. I can see how many times you log in!

You may work on this class 24/7. That's the advantage of an online class.

COVID INFORMATION

Consistent with the latest CDC recommendations, we have revised our guidance for students, faculty, and staff who have a known exposure or have tested positive. Anyone with a known exposure should wear a mask for 10 days and should seek a COVID-19 test on day five after exposure. If you test positive or develop symptoms, you should immediately self-isolate and seek a COVID-19 test. Please immediately notify your instructor, supervisor, and DeEte Edens, Associate Director of Health and Wellness, any time you test positive for COVID-19. Anyone who tests positive is required to self-isolate for five days. Following the five-day isolation period, if you are asymptomatic or your symptoms are resolving, you may return to work or class but should wear a mask for five additional days. If you are still symptomatic, please contact DeEte Edens at dedens@southplainscollege.edu or 806-716-2376 prior to your return date.

Withdrawal Policy

It is the student's responsibility to verify administrative drops for excessive absences through MySPC using his or her student online account. If it is determined that a student is awarded financial aid for a class or classes in which the student never attended or participated, the financial aid award will be adjusted in accordance with the classes in which the student did attend/participate and the student will owe any balance resulting from the adjustment.

If for any reason the student is unable to complete the course requirements, it is the student's responsibility to initiate their own withdrawal by the 1st drop date for the semester. If your average is below 60 when you drop, you will receive an F in the course. An administrative drop by the instructor in this course will, in most cases, result in the student receiving an "F" (not an "X"). The last day to drop a class is April 28, 2022. However, always discuss this with your instructor before dropping.

Academic Integrity – Read Carefully!

It is the aim of the faculty of South Plains College to foster a spirit of complete honesty and a high standard of integrity. The attempt of any student to present as his or her own any work which he or she has not honestly performed is regarded by the faculty and administration as a most serious offense and renders the offender liable to serious consequences, possibly suspension. **This means all work you complete for this class is identified by the MyLabIT access code.** Work copied from another student will be flagged and both students will receive zeroes for their work. Students should refer to the SPC General Catalog policy regarding consequences for cheating and plagiarism.

SPC Help Desk

Telephone Number: Help Desk at (806) 716-2600

E-mail: helpdesk@southplainscollege.edu

Location: Library Lobby - Levelland

Normal Hours: Monday - Friday: 8:00 a.m. - 4:00 p.m.

Student Conduct

Rules and regulations relating to the students at South Plains College are made with the view of protecting the best interests of the individual, the general welfare of the entire student body and the educational objectives of the college. A high standard of conduct is expected of all students. Student should refer to the SPC General Catalog policy regarding student conduct.

Grading Policy

Simulation Training—3 attempts—best overall grade	10%
Simulations Exams—3 attempts—best overall grade	10%
Grader Projects—3 attempts—best overall grade	50%
Critical Thinking & End of Chapter Exams—3 attempts—best overall grade	20%
Capstone Project—3 submissions accepted for each project--one given after Chapters 1-3 and one after 4-6 which counts as the final	10%

You must complete the problems in the order they are presented. The assignments are in sequential modules. You must make at least a 70 on each assignment or attempt it three times before the next assignment will open. However, if you make an 80 on the first attempt, you still have two more attempts to make a better grade. I would strive **for at least a 90** on each assignment. Remember, you want to master the material, not just get through it.

Final grades will be based on the following grading scale:

90-100=A, 80-89=B, 70-79=C, 60-69=D, Below 60=F

Your grades will be found in the Blackboard grade book under My Grades.

Assignment Policy

Assignments will be shown in MyLabIT. **Problems that are not turned in will be assigned a grade of 0. All deadlines will be on Sunday night at 11:59 PM.** I do not accept late work after this deadline.

Communication with instructor

1. Log in at least **three (3)** times a week (minimum). I recommend daily logins.
2. Check for announcements/mail in Blackboard—this is your responsibility. If you don't check in frequently, you may miss important information regarding your schedule, work, or grades.
3. **Start work early in each week. Don't wait until the due date to start your work. When you do, something always happens like an illness or an unexpected problem. Remember, no time extensions can be given.**
4. Communication with your instructor can be by phone (806-716-4638), by messaging through the Blackboard tools menu, or by SPC e-mail (pdennis@southplainscollege.edu). **Always identify yourself with your full name as well as the course name and number in the subject line when contacting me. I have many students!**
